- 1.) Include only those expenditures directly attributable to the activities of the Commission and their employees. For example, salaries of administrators having a line responsibility for all district operations should not be prorated even though some time may be spent working with personnel director.
- 2.) Salaries for Commission member should not be included without prior and specific authorization by the governing board (Education Code Section 45250).
- 3.) The district is required to provide suitable quarters for the Commission and their employees, therefore, expenditures in the maintenance, operation, and capital outlay will be limited.
- 4.) Include as Undistributed Reserve only such amount as may seem necessary for requirements.
